

4, Chirjumbal, Carretera a Tzununa, San Marcos la Laguna, 07016, LAKE ATITLAN AREA, Solola

Large parcel of land for sale located in San Marcos La Laguna, before Hotel Pasajcap, along the road which leads to the neighboring village of Tzununa

Large parcel of land for sale located in San Marcos La Laguna, before Hotel Pasajcap, along the road which leads to the neighboring village of Tzununa (above the road, not along the lake). This property offers unique views of the volcanoes and lake. Only from this part of Lake Atitlan does it appear that there are five volcanic peaks, when in actuality there are only three! Measuring 6,000 square meters, the topography of the land readily lends itself to construction, as it is not too steep and could be modified into terraces on which houses could be constructed. Alternatively, the land could also be subdivided and sold as smaller, individual lots. Access to electricity, MUNICIPAL WATER in front of the property and telephone nearby.
