

## Antigua, Guatemala, ANTIGUA AREA

Best location in town. This is a rare find in Central Antigua, a large 10 bedroom colonial house that was originally built in 1607. The house has all the modern conveniences but has kept the original Colonial design and structure including a feature original cupula. The location of the house is outstanding, it's on one of the most famous Avenues of Antigua with easy walking access to restaurants and other activities. In keeping with the Colonial design, this is a 1-level house with a large courtyard surrounded by Spanish corridors. The bedrooms, living room, and dining room with cupula are all accessed from the corridors. The kitchen is located off the dining room and courtyard as well as the service staff quarters and a 3 car parking area. There is a large terrace located on the rear of the property for privacy. The terrace has a small building for a wet bar and a prepping area for entertaining people on the terrace. There is plenty of seating all with outstanding views. There is also a smaller Crowsnest-style terrace with additional seating for sunset watching. Viewing by appointment only. Additional details and floorplan are available for qualified buyers.
